RENEWED REQUEST FOR CORRECTION OF FILING RECEIPT

Dear Sir:

The filing receipt issued in this case incorrectly identifies the filing date of co-pending parent application Serial Number 10/064,362 as 2002 rather than 2003. Applicants requested correction of this USPTO error on October 29, 2004. This request was denied in a mailing of 11/22/2004 on the basis that the correction should be made in the parent application which makes no sense as the parent application is correct. In addition the original filing in this case, a copy of which is attached clearly listed the correct filing year, so it is clear that the error was made by the Office and should be corrected by you.

Respectfully submitted:
